

BARRINGTON CLUB

News & Notes

February 2024

We are happy to have Season in full swing here at Barrington Club. It's always good to greet returning friends and to get acquainted with first-time visitors. Although we're experiencing an unseasonably cool and gray start to the year, when the sun does make an appearance it's great to catch up at the pool or on the beach. And despite the weather forcing a re-schedule of our Welcome Back Party, the change in date certainly did not diminish folks' enthusiasm for getting together. Attendance at this year's Welcome Back Party was nearly double that of last years'! Next up will be a Super Bowl Party on February 11, and plans are in the works for a BBQ bash later in the month. You'll always find event details and sign-up sheets posted on the bulletin board at the clubhouse. You can also check the Community Calendar on the Barrington Club website (www.barringtonclubnaples.com).

In Season, demand for available parking increases. This is particularly challenging on the west side of the property. Residents are asked to park one of their vehicles in their garage – and only park second vehicles outside. To ensure unauthorized vehicles don't occupy spaces for residents, Barrington Club has instituted a parking permit system. Owners are allowed two (2) hang tags. Many owners already picked theirs up at the clubhouse earlier this year. We notice several of them prominently displayed in vehicles throughout the property. If you haven't gotten yours yet, they can be obtained from Seacrest Southwest Property Management. Their office is at 1044 Castello Dr., Ste. 206 in Naples.

Maintenance, preservation and enhancement of Barrington Club's landscape, waterscape and property continue to be a priority. Much-needed tree trimming has recently been completed and landscaping upgrades, including replacement of failed plantings is ongoing, with plans for long-term sustainability being implemented. Residents adjacent to the waterscape will also note that the first phase of bridge revitalization has begun and will continue into the coming months.

Finally, be sure to add Barrington Club's Annual Meeting to your calendar. It will take place at the Pelican Bay Community Center on March 13 at 5:00PM. It will include election of the Board of Directors and other important matters. All owners are encouraged to attend, if possible. Watch your mail and email for more information.

In the meantime, stay warm, enjoy the sun, and always greet your friends and neighbors with a smile.
