

We are delighted that the grills have become popular and are enjoyed by so many. We also very much appreciate your cooperation by cleaning the grill grate tops and replacing the covers when you finish.

In the spirit of shared community cooperation, we are asking for volunteers to 'deep' clean the grills once per month.

Deep cleaning consists of taking the removable parts of the grill, such as the pans, liner and grates, and soaking them in hot water, spraying them with a degreasing solvent and scrubbing to remove the built on grease, etc. This can be done , for example, in the clubhouse sink.

All supplies are provided. We do this once per month and it takes less than two hours.

A sign up sheet is on the bulletin board.

Thank you for your cooperation.
